

Get the honeymoon experience of your dreams

PROJECT EXPEDITION

Wedding season is approaching, and couples are planning more than just their big day. They're dreaming of unforgettable honeymoon experiences. With the Project Expedition registry feature, your travel advisor can make it easy for couples to receive the gift of travel.

How It Works

1. Your travel advisor will create a registry for you, either with a set amount or hand-picked experiences.
2. Your friends and family contribute towards the set amount or gift specific tours.
3. Once fully funded, you get your dream excursions.

It's a simple, hands-free way for your travel advisor to help couples build the honeymoon of their dreams.
